GRADING SCHEME

The minimum passing mark for the course is 70% with the following weights:

75% - All Graded Exam Questions

25% - The Final Exam

Though Graded Exam Questions and the Final Exam have a passing mark of 50% each, the only grade that matters is the overall grade for the course.

Graded Exam Questions have no time limit. You are encouraged to review the course material to find the answers as this counts for 75% of your mark.

Attempts are per question in both, the **Exams** and the **Final Exam: One Attempt**

There are no penalties for incorrect attempts.

Clicking the "Final Check" button when it appears, means your submission is FINAL. You will NOT be able to resubmit your answer for that question again.

Check your grades in the course at any time by clicking on the "**Progress**" tab.

In today's modern age of disruption, SkillUp Online is your ideal learning platform that enables you to upskill to the most in-demand technology skills like Data Science, Big Data, Artificial Intelligence, Cloud, Front-End Development, DevOps & many more. In your journey of evolution as a technologist, SkillUp Online helps you work smarter, get to your career goals faster and create an exciting technology led future.
