SSC NASSCOM Assessments

CANDIDATE GUIDE

Important Information

Taking these assessments will certify you on your learning of the courses and building of skills by SSC NASSCOM.

Before you begin your assessments, please ensure that your system meets the infrastructure requirements.

1. Your laptop or desktop must have a functional webcam and microphone.
2. The webcam must be installed strictly in front of your face and not sideways.
3. Your microphone should always be switched on.
4. You must have uninterrupted power supply or power backup so that your test session is not interrupted.

Please note, if the test is interrupted or stopped for any reason, you will NOT be able to resume it beyond 30 minutes.

In addition, ensure that your system meets the minimum technical requirements.

Minimum Technical Requirements

- Web Browser— Google Chrome, Mozilla Firefox (Latest Version)
- Operating System—Windows 7 and above
- Internet Connectivity—minimum 1 Mbps speed
- Firewall/Antivirus—No Firewall/Antivirus (Except default Windows)

Please note that these assessments are AI proctored and have been especially designed for FutureSkills Prime.

It is recommended that you attempt this assessment with integrity and do not indulge in any malpractices.

Any malpractice will be recorded, and you will be warned. Multiple red-flags or warnings might lead to you being logged out of the test.

Please note what you should NOT DO:

- X Seeking help from others present in the room.
- X Partial visibility to the camera
- X Use of mobile phones/iPad/tablet
- X Looking away from the screen
- X Being away from the Assessment window
- X Searching solution to the question(s) on the Internet
- X Copying questions/ taking screenshot
- X Browsing other websites
- X Using documents/tool//E-books available on the computer
- X Copy Pasting text
- X Using Screen Share or tools to provide remote access
- X Plugging another Monitor/ keyboard/mouse to the existing system

Note

The Assessments have two parts: Mock and Final Assessment. It is suggested that you take the Mock Assessment only after you have completed your course.

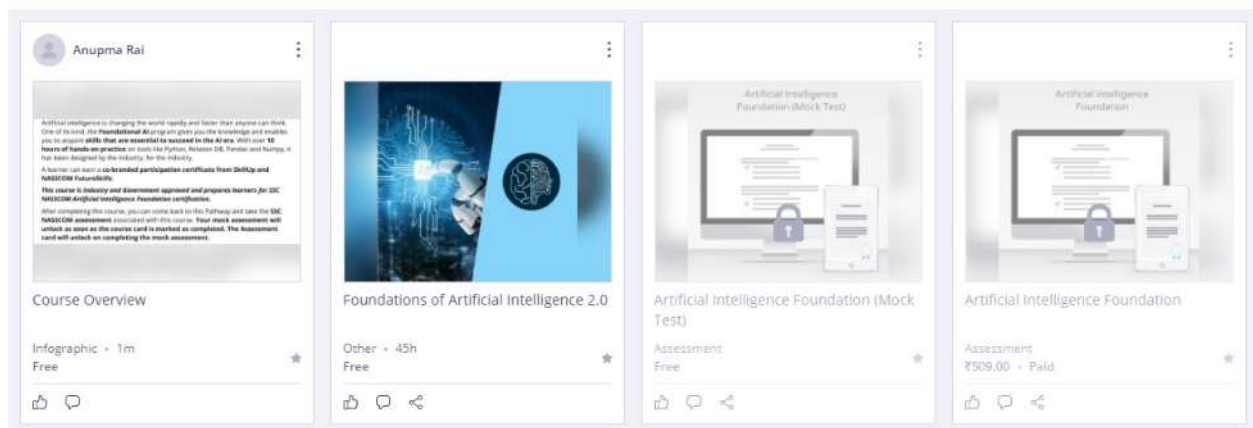

MOCK ASSESSMENT

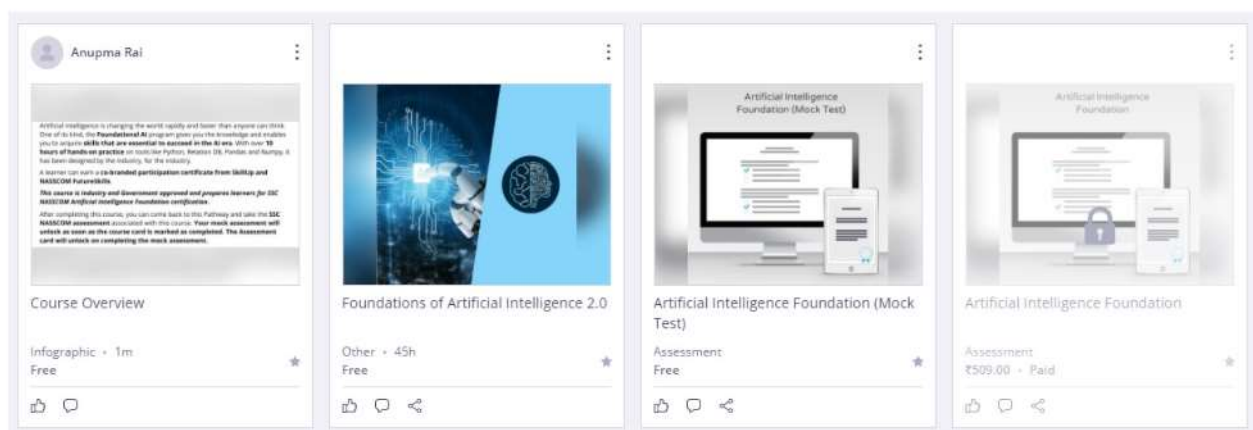

The Mock Assessment will help you:

- Get an idea of the Assessment interface.
- Review the type of questions and your preparedness.
- Assess the compatibility of the Assessment platform with your device/browser.

The Mock Assessment is free of cost and can be attempted only once. Most Mock Assessment will be locked. It will unlock, as soon as you complete the course.

To take the Mock Assessment, follow the steps as shown below. Complete the course and then click the Mock Assessment in the course Pathway.

About Specifications Media Reviews

IMPORTANT ASSESSMENT INSTRUCTIONS

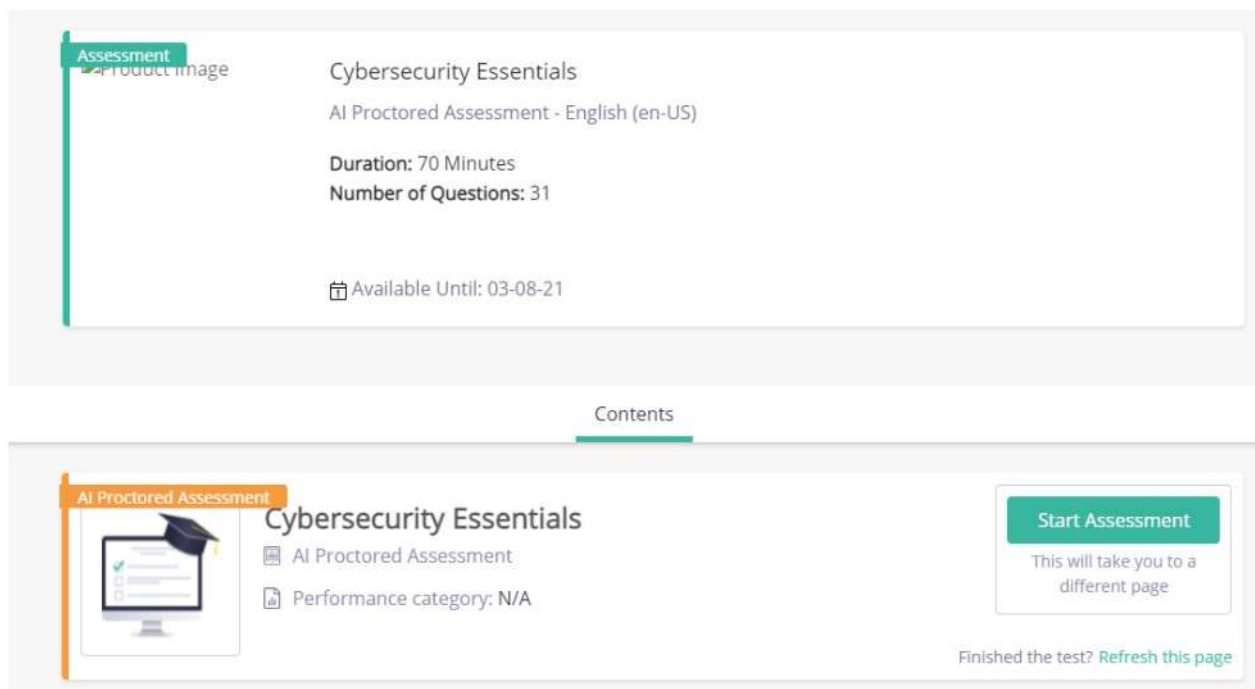

Please Note that the Assessments CANNOT be attempted from Mobile phone

- This is an auto-proctored assessment. You will be monitored throughout the test. Please ensure your webcam & microphone is switched on for the duration of the test.
- Any malpractices will be recorded and you will be warned. Please look at the FAQs Candidate Guide carefully in the About Prime section to know more.
- Multiple red-flags or warnings might lead to you being logged out of the test.
- Ensure that your system and infrastructure meets the minimum technical requirements. Read about the minimum requirements in FAQs and the Candidate Guide.
- Before you begin your assessment, please keep a photo ID proof handy. A snapshot will be captured before you start the assessment. During the assessment, you are advised not to close the test window. In case of any interruption, you will be allowed to resume within 30 minutes. To know more look at the Candidate Guide in the About Prime section.

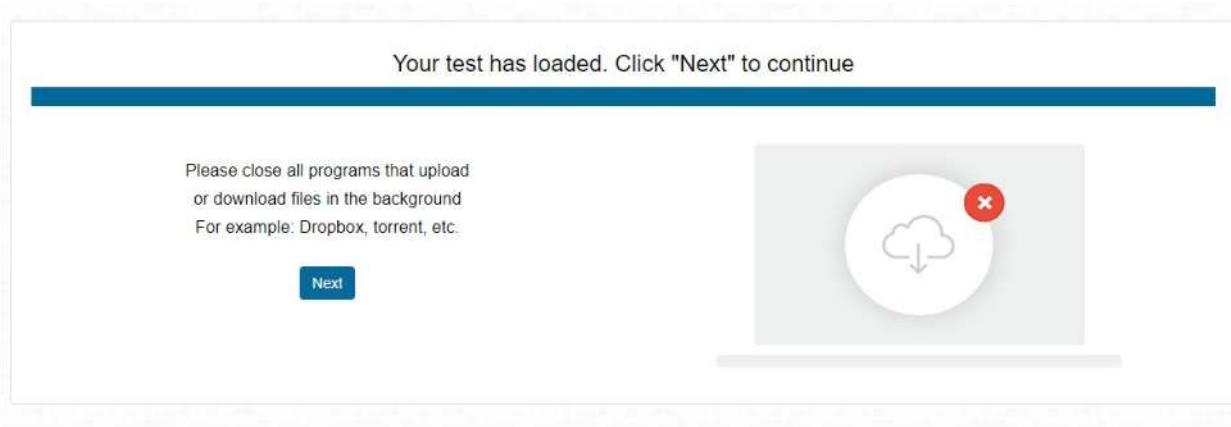

Make the payment using any of the options of PayTM payment gateway.

After making the payment, you will be taken to the page where you can start your test. On this page, click Start Assessment.

After the system check, you will be asked to click Next.

Before starting the assessment, you must submit a snapshot of your face and one of your photo ID for authorization.

Place your face in-front of the camera and capture a snapshot of your face.

Next, capture the screenshot of your Photo ID and click Submit.

Next, you will be navigated to Assessment details page. This page will display the number of questions, duration and section wise details. To begin assessment, click Start Test.

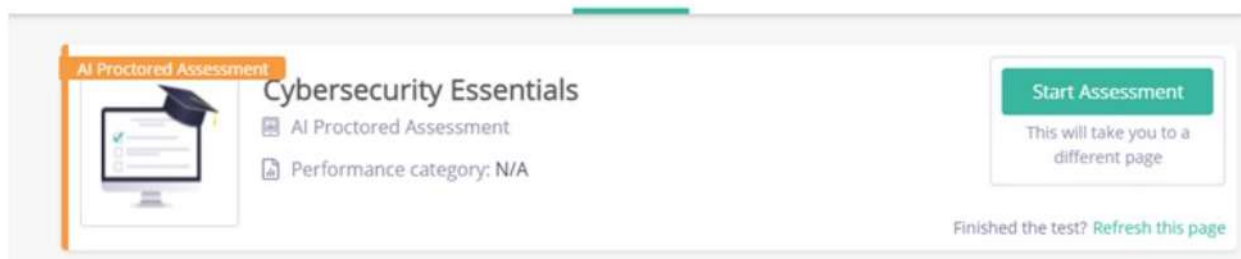

Your test will begin. On each question page, you will see the following options:

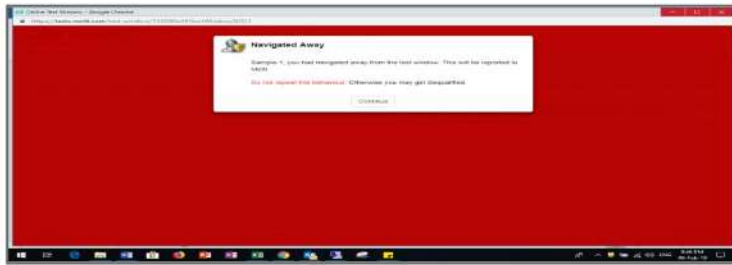

- Remaining Time
- Next Question button
- Previous Question button for you to review your questions.
- Status of the questions:
 - Green indicates attempted question.
 - Orange is for questions to be reviewed.
 - Grey for the ones not attempted yet

WARNING: Do not close your assessment window at any time

If for any reason such as Internet or power failure, your assessment session is disrupted, you will be able to resume the session within 30 minutes. To resume your assessment, go back to the FutureSkills Prime portal and click the 'Start Assessment' button once again.

Please note that there is a browsing tolerance. If you move away from the window, you will be given a warning.

If you repeat the activity, the assessment will be auto submitted and the test window will close.

After answering all questions, click Finish Assessment.

Assessment Summary page will be displayed. If you want to revisit any question, click Cancel.

Else, click Yes, Finish Test to submit it.

A screenshot of a 'Finish Test' dialog box. It features a yellow warning triangle icon. The text inside reads: 'Are you sure you want to finish this test? Summary of your attempts in this test is as shown below'. Below this is a green progress bar labeled '15'. Under the heading 'Section Summary (2)', there is a table showing two sections: 'N0903' with a score of 7 and 'N0904' with a score of 8. Each score is represented by a green progress bar. To the right of the table, it says 'Select section names to go back to that section.' At the bottom, there are two buttons: 'Cancel' and 'Yes, Finish test'.

After you have submitted the assessment, you will be routed to the FutureSkills Prime Learner portal and you will receive an email notifying you of your result.

After successfully passing the assessment, you will be able to view your certificate on the FutureSkills Prime platform.

To view your certificate, click Profile .

You will see information of your certificate added to your Skills Passport. To open your certificate, click the Credentials name.
